

To whom it amy concern:

This is to let you know that I and my family do not want the National Telephone Privacy Act enforced here In Indiana. What we have in Indiana is the Indiana Telephone Privacy Law and it works GREAT!!! We used to get 10-15 unsolicited phone calls weekly before this bill was passed. Now we don't have any and it's great!

I think something should be done about it nationally, but please don't interfere with the states that have a law banning unsolicited phone calls like ours in Indiana!

Thank you for taking time to read my comment. I hope you won't change our law in Indiana!

Sincerely,
John W. Hine
